

centually envelop the enemy's right flank the Japanese in their turn attacked my right flank with superior forces, and I was compelled to retreat by three roads to the north.

"Our losses are heavy, but they are not yet completely known."

"During the engagement the Third and Fourth batteries of the First artillery brigade were literally cut to pieces by Japanese shells."

"Of sixteen guns thirteen were rendered completely useless and abandoned."

"The conduct of the troops was excellent, a large proportion of them refusing to retire, until after they had been repeatedly ordered to do so."

FIRST DAY'S FIGHT.

Russians Had Hope Stakelberg Would Win.

St. Petersburg, June 16.—(1:22 p. m.)—The result of the battle at Vafangow, (north of Port Arthur), which has now been in progress for three days, is awaited here with breathless interest. Excellent reports in all circles. The losses on the Russian side, more than 30,000 on Tuesday, shows that the fighting has been of a desperate character and General Kuropatkin's report this morning proves that both armies are determined to force matters to a decisive issue.

The public has been considerably elated by the news of the success which thus far has attended the expedition of the Vladivostok squadron to the Straits of Korea, and should General Stakelberg win a victory over General Nogi on land it would make the greatest impression.

Already there is much talk of his success, but the war office prudently advises caution against the acceptance of irresponsible reports in absence of official news from either side. Kuropatkin's dispatch given out this morning bore the report up to 2:30 yesterday afternoon, but stopped at the most critical point of the battle, when Stakelberg was meeting an attempt to turn his right flank by a similar movement around Nogi's left flank. Stakelberg's reserves had already been brought up and the Japanese had been heavily reinforced. This dispatch reached the emperor yesterday afternoon, but through a blunder, a statement the war commission did not receive it until this morning. There was no intention to withhold its contents from the public. Nothing further has reached the war office up to this hour.

Siberians in Battle.

Exactly what portion of Stakelberg's Cossacks were engaged at Vafangow is not ascertainable. It consists of the first, second and third Siberian rifle divisions, the Usuri mounted brigade and the first East Siberian Sapper battalion. General Goungross, who was wounded in the Japanese advance, is in command of the first Siberian division of four regiments and a machine gun battalion.

General Samsonoff commands the Usuri mounted brigade. The operations leading up to the battle of Vafangow date back to June 11, when two Japanese divisions, one commanded by General Nogi, advanced from the Fushan-Pitsoo line, probably prompted by intelligence that the Russians were receiving reinforcements. A sharp skirmish took place the night of June 12 at the village of Oudai, five miles west of the railroad and seven miles south of the Japanese advance. Another skirmish occurred on the heights near the village of Lidiatun, ten miles east of Oudai. The Japanese were repulsed, but the Russian advance posts retired. On June 13 two Japanese divisions were five miles north of the scene of the skirmish, the left wing resting on the village of Vafangow and their right on the valley of the Tassa, which flows parallel with the railroad, falling into the sea ten miles south of Pitsoo. After a day's rest the enemy advanced fifteen miles June 14, and attacked the Russian position, four miles south of Vafangow. The Russians had the best of the first day's fight, annihilating a Japanese cavalry squadron and taking 1,000 prisoners, although at midnight both armies regained their positions.

Artillery Effective.

Yesterday's battle extended over a rough country where artillery was very effective. The Russian artillery, under the command of General Lan Chou, near the railroad, and Vafangow. The Japanese were between Tafaan Chou and Hun Chou. The Japanese reserves were held at Si San, a short distance from Vafangow station. The Japanese reserves were south of Tafaan Chou.

General Nogi's artillery began the day by shelling the Russian right, while his sharpshooters were busy with the other wing. Stakelberg was not certain from whence the main attack would be delivered, and sent out cavalry to the heights of Lan Chou to reconnoiter. Having ascertained that the enemy was not moving in that quarter he attacked the Japanese center and left in order to drive the enemy against the railroad. The Japanese countered by moving up reserves in an effort to turn the Russian right. Half an hour later Stakelberg ordered his reserves to move from Si San to repel the Japanese flanking tactics, in the meanwhile continuing his attack on the enemy's left and center. This was the situation when the last advances were received.

BANDITS ENLISTED.

Chinese Irregulars Fighting For the Russians.

Tokio, June 16.—(7:30 p. m.)—A detachment of the army under General Kuropatkin captured the town of Siu Yen on Sunday after routing and defeating a force of 300 Chinese and 200 mounted Chinese bandits. The enemy retired toward the Tao river, leaving behind them three dead and two wounded men belonging to the Fifteenth East Siberian regiment. The total of their losses is not known. The Japanese sustained no casualties.

This is the first actual report of Chinese bandits fighting with Russian troops, and it may mean that the Russians have enlisted large numbers of these irregulars.

SAFE IN PORT.

Vladivostok Squadron Succeeded in Evading Togo.

St. Petersburg, June 16, 9:55 p. m.—The Vladivostok squadron has returned to Vladivostok.

It is understood that Vice Admiral Skrydloff did not accompany the Vladivostok squadron, which did not see under Vice Admiral Rozhkov.

The damage to the Russian protected cruiser Gorgolay, of the Vladivostok squadron, is severe and will require several months to repair.

OBJECT OF THE BATTLE.

TWO DAYS' FIGHT.

Attack Made on Stakelberg Monday and Tuesday.

Lalo Yang, June 16.—The Japanese advance against General Stakelberg's position began early on the morning of June 13, the enemy moving up from the village of Oudai, in contact with the Russian advance posts. The Japanese extended eight miles, stretching from the mountains south of Vafangow to the mountains north of Tassa. The Russians sought to retake the position, but the Japanese forces comprised two divisions of infantry, field and mountain artillery and twelve squadrons of cavalry. They pressed the attack steadily without gaining ground, and ceased firing at 5 o'clock.

There was a lull until 7 o'clock, when the Russians commenced to retire northward. The firing recommenced and the Russian rear guard sought safety at Vafangow. The night passed quietly.

On the morning of June 14 the Japanese began to attack in three columns, the right creeping up the valley of the Tassa, the middle following the clearer line of the railroad, and the left converging toward Vafangow. In view of the superiority of the Japanese the Russians withdrew and took up a fresh position four miles south of Vafangow.

At 2 o'clock p. m. the Japanese artillery opened heavy fire on the Russian center and left flank. The Japanese attacked brought up and the Japanese had been heavily reinforced. This dispatch reached the emperor yesterday afternoon, but through a blunder, a statement the war commission did not receive it until this morning. There was no intention to withhold its contents from the public. Nothing further has reached the war office up to this hour.

MOYER WILL BE AGAIN ARRESTED

(Continued From Page 1.)

the past week, Mr. Richardson knew Moyer, but he seemed to be anxious not to have Mr. Moyer turned over to the local authorities."

APPLIES ONLY TO UNION MEN.

Teller County Commissioners Will Prosecute Law Breakers.

Cripple Creek, Colo., June 16.—Determined to bring to justice, if possible, every murderer and conspirator implicated in the independence mine explosion Monday, June 6, the county commissioners have appropriated \$1,000 for the services of a special prosecutor to hold daily examinations of persons suspected of sympathy with the Western Federation of Miners, and its members declare that all such examinations will be held in the future.

The situation in the district is quiet and no further trouble is anticipated. All mines except the Portland and the Colorado, which are closed, are working. The military authorities on account of their employing union men, are working. The citizens investigating committee is holding daily examinations of persons suspected of sympathy with the Western Federation of Miners, and its members declare that all such examinations will be held in the future.

TRUMPED-UP CHARGE.

Moyer Now Held For Alleged Desecration of the Flag.

Telluride, Colo., June 16.—Charles H. Moyer, president of the Western Federation of Miners, who was surrendered to Sheriff Rutan by Captain Bulkeley Wells, military commander in San Miguel county, yesterday afternoon, after Judge Thayer of the United States circuit court of appeals had granted a writ of habeas corpus for him at St. Louis, is now held as a prisoner in the county jail on the charge of desecrating the flag. He said today that the federation was not providing a bond for him and he probably would be released in a few days.

Pursuant to an order from Governor Peabody all troops were withdrawn from San Miguel county. Sheriff Rutan is confident he can handle the situation.

CONFESSION OF WEAKNESS.

How the Miners View Peabody's Action in the Moyer Case.

Denver, Colo., June 16.—Satisfaction was expressed about the headquarters of the Western Federation of Miners when it became known that Judge Thayer of the United States circuit court at St. Louis had taken up the Moyer case.

Vice President Williams said: "It is all the more satisfactory because the whole affair will be reviewed from beginning to end, including the decision of the supreme court of this state."

James Kerwin of South Dakota, who has been retained as assistant secretary on account of the illness of Secretary Haywood, said:

"We consider the action of the governor in hurriedly transferring the custody of Moyer as a confession of weakness and evidence of his fear to have the federal authorities assume jurisdiction."

UNABLE TO STATE.

Moyer Does Not Know What the Federation Will Do.

Telluride, Colo., June 16.—President Moyer was asked today whether present conditions throughout the strike districts of the state would not make it advisable for the Western Federation of Miners to call off all of the strikes. "I have no opinion to express upon that or any other question concerning the Colorado strike and labor troubles," was his reply. "I have not been in touch with the federation since my detention here, and do not know what the sentiment is among the membership, nor what action the organization is inclined to take in the matter. However, it all lies with the federation and that body is fully able to handle the matter with discretion and to the best advantage."

MARKED FOR EXILE.

Three Score Men Held in Bull Pens in Teller County.

Victor, Colo., June 16.—One hundred and forty-four union miners and their sympathizers have been deported from the Cripple Creek district since Monday, June 6, and about three score more are booked for exile. There remain as prisoners in the bull pens and jails at Cripple Creek and Victor seventy-two men, the majority of whom will probably be ordered out of camp within the next fortnight. These figures are official and were compiled by Secretary Gael S. Hoag of the Victor Citizens' alliance.

JURY DISAGREED.

Grand Rapids, Mich., June 16.—After being out twenty-four hours the jury in the case of E. D. Conner, manager of the Grand Rapids Herald, charged with conspiracy to obstruct justice, reached a disagreement and was discharged.
